

COL. CARY TO BE BURIED TOMORROW

RICHMOND, Va., April 29.—Col. Wilson Miles Cary, who died yesterday at his home here, will be buried tomorrow afternoon in Hollywood Cemetery, following funeral services in the Second Presbyterian Church of this city.

Colonel Cary was prominent in the civil war and took an active part in the struggle between the States. While attending William and Mary College he joined a company of volunteer fighters, which later became attached to the Thirty-second Virginia Infantry. He was chief of staff to the late Governor Fitzhugh Lee and served on the staff of the late Gov. Philip N. McKinney.

He originally was from Mississippi, but his parents moved to this State when the colonel was a youth.

PATENT OFFICE MEN WELCOMED HOME

In a stirring speech of welcome, Judge James T. Newton, Commissioner of Patents, last night paid tribute to the 170 men of the Patent Office who were in the war. Particular tribute was paid to the nine of the Patent Office employees who did not get back, having made the supreme sacrifice. The men for whom the Patent Office service flag bears gold stars are Lieutenants Knudston, Davidson, and Douglas, Ensign Phillips, Sergeants Geddes, Cooley, and Perry, and Privates Uren and Parr.

The reception in honor of the returning heroes was held last night in the rotunda of the Patent Office building with more than a thousand relatives, friends, and fellow-employees present. The huge rotunda was attractively decorated with American flags, a large service flag, and Victory loan posters.

Judge Newton, in his speech, said, "We are very proud that this small bureau should have sent 170 men to play such a gallant part in the winning of the war. We grieve that nine of them lost their lives, but we rejoice that they were not lost in vain. Forty of our boys were made commissioned officers, showing the high standard of the personnel in our bureau."

War experiences were related by Capt. Elmer Stewart, Sixtieth Field Artillery, and Capt. Howard W. Hodgkins, Thirty-fifth Artillery Brigade, Rear Admiral J. S. McKean made an interesting address on "The Navy's Part in the War," telling of the operation of the sound detectors used in spotting German submarines, and the huge 14-inch naval guns that were used so effectively in France. A letter was read from Franklin K. Lane, Secretary of the Interior, expressing regret at his inability to be present.

Music, dancing, and refreshments completed the reception. The music was furnished by the Interior Department Orchestra, which is very active in the Victory Loan Campaign. The Patent Office male octet rendered selections, and Miss Ada L. Townsend recited "The Service Flag."

The reception committee consisted of Examiner Sidney F. Smith, chairman; William J. Rich, Capt. Walter W. Burns, Willis Magruder, John J. Darby, J. H. Lightfoot, Miss Goddard, Miss Weeks, Miss Moore, and Miss Ross.

JAP SUGGESTS ROSES FOR ROCK CREEK PARK

Even more interesting than the Japanese cherry trees in Potomac Park may be the hills of Rock Creek when covered with camellias, "Japanese roses," if the suggestion of Kotaro Mochizuki, member of the Japanese parliament, is carried into effect.

Mr. Mochizuki, who is stopping here en route to Paris for a conference with Japanese statesmen, was so impressed with the beauties of Rock Creek Park that he said today:

"Rock Creek Park reminded me most vividly of Japanese parks with the exception that at this season of the year, our park hillside are brilliant with colored shrubs."

"Upon my return to Japan I shall suggest that hundreds of plants of our camellias in pink, coral and brilliant colors be presented to your park as a token of our national regard."

EX-CONG. ESTOPINAL DIES AT HIS HOME

Albert Estopinal, Congressman from the First Louisiana district, is dead at his home, after suffering bad health for nearly a year. Only during the past month did his condition become so serious that fears were entertained for his living.

He was known to have a larger family of boys than any other member of Congress, boasting of nine grown-up sons.

General Estopinal, as he was known to his Congressional colleagues, was a Democrat and from the parish of St. Bernard, La., where he was born on January 30, 1845. He was educated in the public schools and enlisted in the Confederate army from school in 1862. He took part in the siege of Vicksburg with the Twenty-eighth Louisiana regiment.

He married Miss Eliska Legier in 1868, and was elected sheriff of St. Bernard in 1872 and again in 1878. He served in the Louisiana legislature in 1876 and in 1878. Later he served as lieutenant governor of the State, which position he held for four years. He was elected to the Sixtieth Congress to fill a vacancy, and had been seated ever since.

KAISER TRIAL TO BE WORLD SPECTACLE

The "trial of the Kaiser"—if it is held—will develop the world's most spectacular application of unwritten law.

Five judges, representing the great allied powers, working without precedent, will be required to pass judgment and sentence on the arch criminal of history, with the code of justice and morality as their only guides.

Will Kaiser Submit? "But will the ex-Kaiser submit to trial?"

This is the question that officials and diplomats were asking today. There is strong belief here that rather than bow before the "humiliation" of being brought before a bar of justice, Wilhelm II. might commit suicide. Officials recalled a recent statement attributed to him that he would rather die than be placed on trial.

But diplomats prefer to believe the trial will be held. They picture it in Geneva with the five most eminent jurists within the choice of the allied powers seated on the bench. Belief here is that Ambassador Reading, chief justice of England, will be that country's representative while Elihu Root, former President Taft and Charles E. Hughes are mentioned as among the most likely choices of America. Chief Justice White, it is believed, would not wish to make the long journey overseas.

There will be in addition the ablest jurists from Italy, France and Japan, represented on the bench. Two questions puzzle American officials. One is how the powers are to get Wilhelm out of Holland—a more or less delicate Justice question. The second is how he shall be treated in the absence of international law establishing precedents.

The former Emperor is expected, if he permits himself to be brought to trial, to employ either German counsel or some eminent international lawyer of a neutral country.

FEDERATION PLANS TO PUT YANKS IN AGREEABLE JOBS

The Federation of Women's Clubs is today urging the co-operation of all women in the District in placing returned soldiers in agreeable positions.

This was decided on at a meeting of the Federation in the board room of the District building last night, when Mrs. Mary Wright Johnson, of the employment bureau for returning soldiers, sailors, and marines appealed for the help of all interested women, whether connected with civil associations or not in placing discharged soldiers.

Women can interest business men, she declared, and advise the bureau of vacancies. Headquarters are located at 1410 Pennsylvania avenue, Room 6.

Mrs. Court F. Wood, who presided, announced that the annual meeting of the Federation will be held Monday and Tuesday of next week in the Jewish Temple at Eighth and I streets northwest at 11 a. m. each day. A memorial session for Mrs. Emma S. Shelton, who died during the year will be held Wednesday morning.

DANGEROUSLY WOUNDED IN QUARREL OVER MONEY

James Harris, colored, living at 602 Navy place southeast, is in critical condition today at Casualty Hospital from a bullet wound in the chest, said to have been inflicted last night, during an altercation with Edward Marshall, colored, 6820 Brewster court, in Navy place.

Marshall is being held at the Fifth precinct pending the result of Harris' injuries. Marshall told the police Harris owed him a small amount of money, and when he asked him for it a fight ensued.

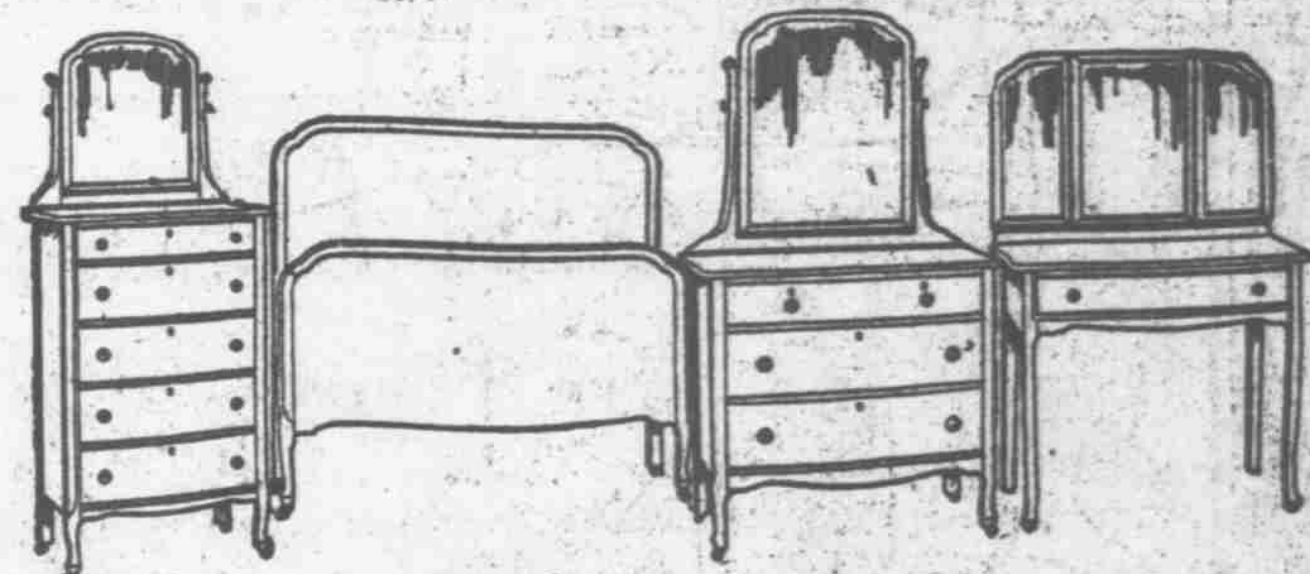

He said Harris fired at him and he returned a shot. Harris has a punctured lung.

The Spring Rains Bring Grippe

This sort of weather brings colds and grippe. If it's just a common cold people say, "there's no danger in that!" But many a fatal sickness begins with a cold—with vitality weakened—the system is ready for the Influenza germs. Begin early to ward off the attack. Purge the system of the toxins (poisons) by taking castor oil, or a vegetable laxative made of Mayapple, leaves of aloe, and jalap, rolled into sugar-coated pills and to be had at all drug stores as Dr. Pierce's Pleasant Pills.

If the cold starts with a cough, and it persists then some local treatment for this condition should be taken. A well known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs without alcohol, and has a soothing effect upon the mucous membrane, allays the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.
